WHY DOES THE KARAOKE TOUCH ALWAYS BRING LIFE TO THE PARTY?
IT REMAINS PROFESSIONAL!

BRING LIFE TO THE PARTY!

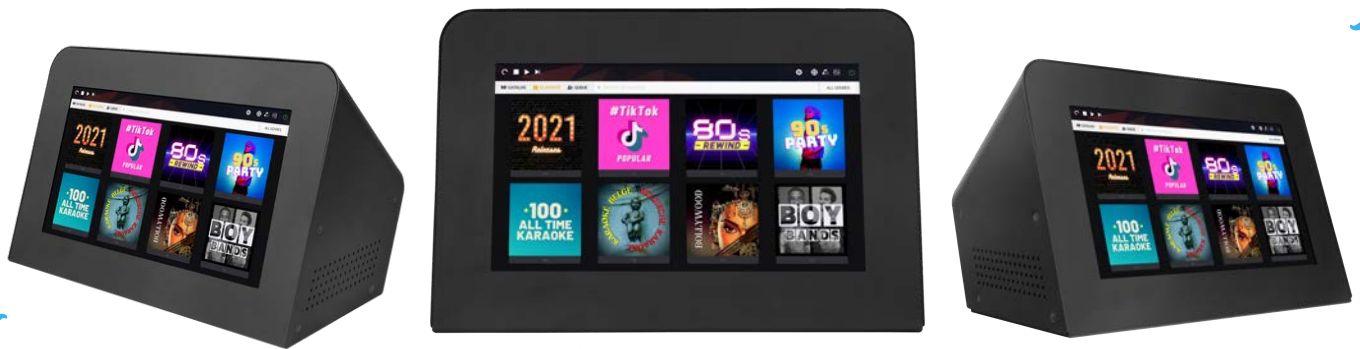

The Karaoke Touch can be easily connected to microphones, audio, and video cables.

It has a built-in digital mixer and comes in many colors.

PROFESSIONALS LOVE THE TOUCH!

Our Touch is a loved system by professional users. Because the system is so compact, it can be easily placed on a DJ table, and its advanced inputs and outputs make it possible to connect your own audio equipment.

The large catalog of high-quality songs and built-in digital mixer gives every karaoke DJ endless possibilities to transform any event into an amazing karaoke party.
